

ProAir[®] RespiClick Billing Cheat Sheet

A) A FREE PROAIR[®] RESPICLICK (1 Time Only):

Check with your local Teva rep for a coupon (these are 1 time use only and will have a unique ID# on each card)

B) A DISCOUNTED PROAIR[®] RESPICLICK (Up To 3 Fills):

1. Commercially Insured and COVERED with high (> \$15) copay. Copay = \$15.00.

Bill primary insurance and then bill the following processing information as SECONDARY:

The ProAir [®] RespiClick Billing Information <i>(same info for all patients)</i>	BIN:	004682
	PCN:	CN
	GROUP:	EC74005004
	ID:	18844367437

2. Commercially Insured and NOT COVERED. Copay = \$16.37.

Bill primary, and when it rejects use the above ProAir[®] RespiClick Billing Information to process as the PRIMARY insurance with an OTHER COVERAGE CODE of 3 or 8.

3. Medicare-D and COVERED with high (>\$15) copay. Copay = \$16.37.

This is the tricky one. But you can get your patient the best price by first billing a “discount” card and then using the ProAir[®] RespiClick Billing Information as the secondary insurance to bring the copay down to \$16.37.

Primary: Use Discount Card	BIN:	610219
	PCN:	DRX
	GROUP:	MCSAVE363
	ID:	Use Patient Phone Number (or any 10 digit number)

Secondary: The ProAir [®] RespiClick Billing Information <i>(same info for all patients)</i>	BIN:	004682
	PCN:	CN
	GROUP:	EC74005004
	ID:	18844367437

4. Medicare-D and NOT COVERED. Copay = \$16.37.

Bill primary, and when it rejects use the above ProAir[®] RespiClick Billing Information to process as the PRIMARY insurance with an OTHER COVERAGE CODE of 3 or 8.

5. No insurance. Copay = \$16.37 (or \$20 off depending on which method you use).

To get your patient the BEST price use example #3 above (bill discount card as primary then ProAir RespiClick card as secondary). Should result in a copay of \$16.37. Alternatively you can JUST bill the ProAir[®] RespiClick card with an OTHER COVERAGE CODE of 1 (no other coverage). However, this later approach will only take \$20 off the retail price, rather than them getting the \$16.37 copay.
